

## **Associates of Applied Science Music Production Program Demo Submission Instructions**

Please carefully read the instructions below before submitting your demo for review. If you have any questions, please contact your Admissions Representative or email [admissions@mcnallysmith.edu](mailto:admissions@mcnallysmith.edu)

### **Demo Submission**

Your demo should include three pieces of music that you have created and/or recorded. Each track must be at least two minutes long for a total of six minutes of submitted work.

Once you've recorded your demo tracks, please upload them to a hosting site like SoundCloud, YouTube, Google Drive, Dropbox, etc., or your own website.

Please include a title and a description of each recording that describes your contribution and participation; including technology used and session set up information if applicable.

Make sure to check that your links work and are streaming correctly before submitting them.

Once the links to your 3 demo tracks are ready for review, check to see that the links are working properly and that you have fulfilled all of the requirements, then go to your student portal, select my documents, select required and click on the word document below the due date of AM-AAS Production Demo Submission to access the link to the submission form.

Contact Admissions at [admissions@mcnallysmith.edu](mailto:admissions@mcnallysmith.edu) or your admissions representative if you have any questions.

We look forward to reviewing your submission!
